

YOUNG PEOPLE'S MANIFESTO

We are Proud of where we Live and we Demand:

- The protection of nature to help wildlife
- Local jobs and local 'sustainable' industry
- Clean, safe and sewage free lakes and rivers
- A litter free home
- Improved green spaces, paths and cycleways
- That visitors respect and care for our home

To do this we should:

- Create fun ways to improve the environment
- Create more nature reserves
- Plant more trees (and stop cutting them down)
- Have more bins to help put an end to littering
- End the pollution of our lakes and rivers
- Recycle properly including using natural resources
- Improve footpaths and cycle paths to -
 - protect farming livestock
 - help nature recover
 - reduce pollution
- Use the bounty of our fabulous meadows and livestock

**With thanks to the year 5&6 children of Leven Valley CE
Primary School and Penny Bridge CE Academy for their
inspiring enthusiasm to making our area a better place for
both us and nature**
